

FM TRADING F.M.Z

WALL PAPER

Designer Collection

Texture, pattern and depth — imported rolls, custom murals, bubble-free application.

BRAND STORY

Walls That Set the Mood

Designer wallcoverings supplied, matched and applied by one team.

Paint gives a wall a colour; wallpaper gives it a character. FM Trading F.M.Z stocks imported vinyl, non-woven and fabric-backed wallcoverings alongside made-to-measure photo murals — then prepares, primes and papers the wall so the pattern lines up and the seams disappear.

CURATED

Hundreds of designs, shortlisted to suit your room.

MEASURED

We calculate rolls and pattern repeat for you.

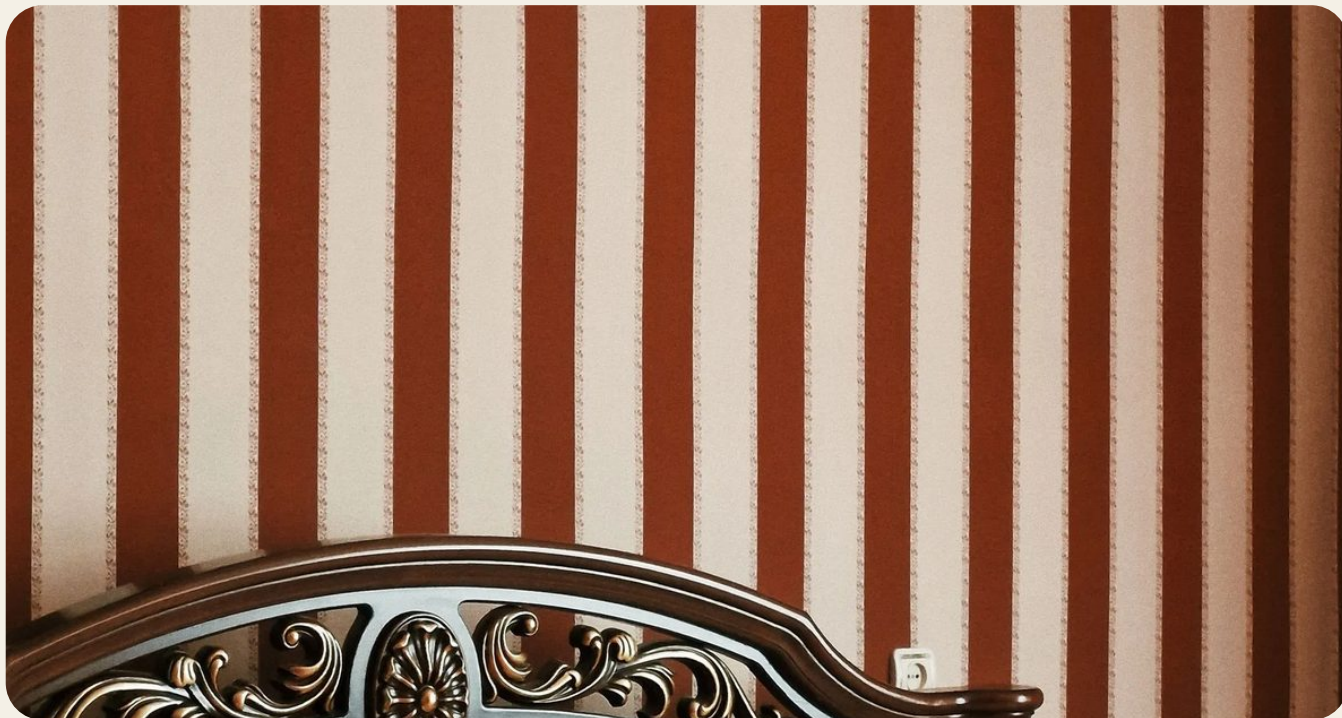

APPLIED

Wall prep, priming and bubble-free installation.

SIGNATURE

Bedroom Accent Walls

One papered wall changes the whole room — usually behind the headboard.

Pattern Match

Repeats aligned across every drop, seam to seam.

Wall Prep

Filled, sanded and primed before a single roll goes up.

Washable Vinyl

Wipe-clean surfaces that survive real bedrooms.

Trim & Finish

Clean cuts at cornices, sockets and skirting.

Popular for master bedrooms, kids' rooms, majlis feature walls, headboard recesses and hallway panels.

TEXTURE

Geometric & 3D Panelling

Relief patterns that catch the light and give a flat wall real depth.

Embossed Vinyl

Raised patterns you can feel, printed on heavy stock.

3D Wall Panels

PVC and PU panels for fluted and coffered effects.

Metallic Inks

Gold, bronze and pewter highlights under warm light.

Grasscloth

Natural fibre wallcoverings with a woven texture.

SAMPLE PANELS IN SHOWROOM

LIVING SPACES

Beyond the Bedroom

Majlis walls, living rooms, hallways and commercial interiors.

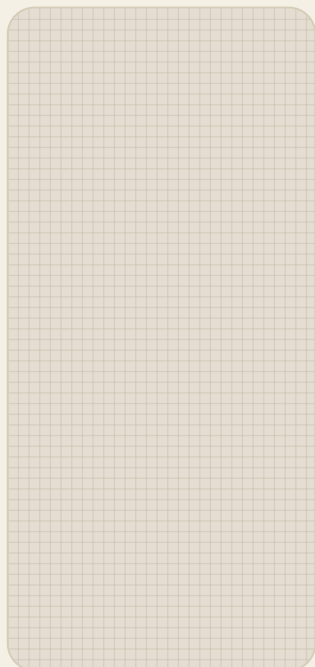

Wallpaper is not only for bedrooms. We paper majlis feature walls, TV walls, staircases, reception areas, salons and clinics — matching the wallcovering to the flooring and curtains supplied in the same package.

- Majlis and living-room feature walls
- TV wall panelling combined with our TV decor service
- Hallways, staircases and ceiling papers
- Salons, clinics, offices and retail fit-outs

TECHNICAL

Materials & Specifications

What each material is best at, so the right one ends up on your wall.

MATERIAL	ROLL SIZE	BEST FOR	CLEANING
Non-woven	0.53 × 10 m	Bedrooms, living rooms, easy future removal	Damp cloth
Vinyl coated	0.53 × 10 m	Kids' rooms, hallways, high-traffic walls	Washable / scrubbable
Heavy vinyl	1.06 × 15.6 m	Offices, clinics, hotels, commercial corridors	Scrubbable
Fabric backed	0.70 × 10 m	Majlis, master bedrooms, feature walls	Dry dusting only
Grasscloth	0.91 × 5.5 m	Luxury feature walls, studies	Dry dusting only
3D PVC panel	Per panel	TV walls, headboard recesses, reception desks	Damp cloth
Custom mural	Made to size	Any wall — printed to your exact measurement	Laminate optional
Self-adhesive	0.45 × 10 m	Rentals, cupboards, quick refreshes	Damp cloth

Standard pattern repeats run 32–64 cm. We allow for repeat and wastage when calculating your roll count, so you are not left one drop short.

MADE TO MEASURE

Custom Photo Murals

Any image, printed to the exact width and height of your wall.

Your Own Image

Send a photo or artwork — we check the resolution and print it at wall scale.

Design Library

Thousands of licensed mural designs: landscapes, marble, city skylines, kids' themes.

Seamless Panels

Printed as numbered drops that line up edge to edge with no visible join.

Matte or Satin

Choose the finish to suit the lighting in the room.

Laminated Option

Extra protective layer for corridors, nurseries and commercial spaces.

Fitted By Us

Printed, delivered and installed by the same team that measured the wall.

HOW WE WORK

From Sample to Seamless

Five steps between choosing a pattern and living with it.

01

Choose Your Pattern

Browse the books in our showroom or send us a reference image — we shortlist matching designs.

02

Free Site Measure

We measure the wall, check its condition and calculate rolls including pattern repeat.

03

Quotation

A fixed price covering material, wall preparation, adhesive and installation.

04

Wall Preparation

Cracks filled, surfaces sanded and primed — the step that decides how good the finish looks.

05

Installation

Drops hung, patterns aligned, edges trimmed and the room left clean the same day.

THE FM DIFFERENCE

Why Trust Us With Your Walls

Genuine Stock

Imported rolls from established mills — not thin copies that peel at the seams.

Correct Quantity

We calculate repeat and wastage so batches match and nothing runs out mid-wall.

Same Batch

All rolls for one wall come from a single production batch, so the colour is consistent.

Prep Included

Filling, sanding and priming are part of the quote, not an extra charge later.

Clean Finish

Furniture covered, floors protected and the room tidied before we leave.

Full Package

Pair the wallpaper with our curtains, flooring and TV decor in one visit.

CARE GUIDE

Looking After Wallpaper

Simple habits that keep a papered wall looking new for years.

Dust, Don't Soak

Dry-dust textured and fabric papers. Only vinyl grades should meet a damp cloth.

Blot Marks Early

Wipe spills straight away with a soft cloth — never scrub a printed surface.

Watch The Humidity

Keep AC and ventilation running in bathrooms and kitchens so seams stay closed.

Keep A Spare Roll

Store one roll from the batch — small repairs then match perfectly years later.

LET US DRESS YOUR WALLS

Book a Free Wall Measure

Wallpaper, curtains, flooring, TV decor, glass and artificial grass — one supplier for the whole interior.
